

Eighth Meeting for the Innovative Imaging and Spectroscopy Technologies of the Skin

8^{ème} rencontre pour les Technologies d'Imagerie et de Spectroscopie de la Peau

September 19th - 20th, 2019

19 et 20 septembre 2019

SAVE THE DATE

Hotel de Ville de Tours

France

Within the « Vallée de la Loire »...

For this new edition, innovative and interesting technologies or recent developments will be presented: Confocal Microscopies (reflectance, fluorescence, photonic...), LC-OCT, 3D & 4D imaging, Hyperspectral, Surface and opto-imaging, Very High Resolution US, but also new tools for data management, processing and analysis (A.I. ...) comparative approaches and user testimonials...

“Make innovation a routine for your trades”

Detailed program next June 2019

All Sessions and presentation will be in English AND French (Slides or oral presentations) / Toutes les séances et la présentation seront en anglais ET en français (diapositives ou présentations orales)

FIRST DAY September 19, 2019

MORNING : Skin surface imaging

9:00 Introduction : “Comparative mapping of new imaging and spectroscopy technologies of the skin”. Jean C. Pittet, ORION Concept.

9:00–10:30 : Session 1 of Technical & Scientific Conferences (20 min)

CANFIELD / PIXIENCE / EOTECH / ORION CONCEPT

Coffee Break

10:45- 12:30 : Session 1 of Demonstrations in stands of technologies presented previously (20 min/ Demo - Rotating demonstration) / Démonstrations tournantes)

LUNCH (on place)

AFTERNOON : Skin opto-imaging / processing

14:00 : Introduction “A.I A new tool for the extraction of the information”. V. Seban, Aquila.

14:20 : “User testimonial: comparative skin imaging in dermatology and cosmetology.”. Ferial FANIAN, M.D, Ph.D, Dermatologist. CHU St Etienne.

14:45 - 16:30 : Session 2 of Technical & Scientific Conferences

TRIDIMEO / ITHERA MEDICAL / VARENNE TECHNOLOGY

Coffee Break

16:45 - 17:30 : Session 2 of Demonstrations in stands of technologies presented previously (20 min/ Demo - Rotating demonstration) / Démonstrations tournantes)

EVENING : “Cultural and relaxation time”!

18:30 - A small “Cultural Road Trip” from the Cathedral to the banks of the Loire for aperitif

19:30 Aperitif at the “Center for Modern Art, Olivier Debré” - Guided Tour (On registration at the Gala Dinner)

20:30 Conference on “Another point of view on Innovation” (30 min) Benoit Sarazin, FarWind Consulting, www.benoitsarazin.com.

Gala Dinner and “surprises” (On registration)

SECOND DAY September 20, 2019

MORNING : Microscopic/intracutaneous Imaging

9:00 “Acousto-mechanical instrumentation of multiscale hysteretic properties of the skin with nonlinear time reversal imaging”. Serge Dos Santos. PhD, INSA Val de Loire/Université de Tours / INSERM.

9:15 “A promising technology : LC-OCT - Live demonstration”. DAMAE Medical. (30min)

9:45–10:45 : Third session of Technical & Scientific Conferences (20 min / presentation)

DAMAE MEDICAL/MAVIG /TPM

Coffee Break

11:00- 12:30 : Third session of Demonstrations in stands of technologies presented previously (20 min/ Demo - Rotating demonstration) / Démonstrations tournantes)

QUICK LUNCH (On place)

AFTERNOON : B2B meetings - 30 min or 1 hour RDV per person or Company

See the specific registration Form - Opening of the registration on August 2019

(Voir formulaire d'inscription spécifique - Ouverture des inscriptions en Août)

Many exhibitors and Laboratories of research will be present with their solutions, materials or know-how, take the opportunity to meet them confidentially for your study, research or investment projects.
